Dear Registrar,

FINDING INTO DEATH WITHOUT INQUEST – MAURO CORRADO AMATO
COURT REFERENCE: COR 2011 1180

We refer to the above matter and your letter of 17 December 2013 in relation to the above, addressed to BCF Boating Camping Fishing and Ray's Outdoors. We confirm that we act for both of these companies.

We can assure the Coroners Court that both businesses take the issue of safety seriously and confirm their ongoing commitment to the safety of their customers. In accordance with the proposed recommendation, both businesses are in the process of implementing provisional measures to make the Australian New Zealand Safe Boating Education Group's 'Paddle Safe' brochure available to customers at the point of sale for online and in-store purchases of kayaks and canoes.

If you have any questions in relation to this matter, please do not hesitate to contact Ian Portas of our office.

Yours faithfully,

Ian Portas
Corporate Solicitor
