Dear Sir/Madam

Carl Waldon
Ref: COR 2019 003878

I am writing in response to correspondence dated 18 February 2021 from Coroner Jamieson regarding the death of Carl Waldon. In the Court's findings, pursuant to section 72 (2) of the Act, the Coroner recommended that, in the interests of public health and safety and preventing like deaths, that Monash Clinical Council support the proposed Hospital-wide anticoagulant stewardship program.

I confirm that the proposal for a Hospital-wide anticoagulant stewardship program has been approved by Monash Health. As a consequence of significant changes in the operations of Monash Health as a public hospital during the second part of 2020 due to COVID 19, the implementation of the program was delayed. The implementation plan is now being re-established.

Yours sincerely

Carlos Schienkestel
Executive Director, Quality and Safety
Monash Health
