Dear Ms Warsame

Thank you for your attached email dated 28 June 2022 to the former Minister for Local Government, following up with the request for the Minister's written response to the Deputy Coroner's recommendation regarding the finding into death of Arzu Karacoc. We note that the Deputy Coroner recommended changes to the government procurement for transport and logistics services, requiring companies to adopt heavy vehicle safety improvements in blind spot technology.

Pursuant to the Deputy Coroner's recommendation, the Department of Jobs, Precincts and Regions (DJPR) issued a Local Government Bulletin on 14 February 2022, advising the local government sector in adopting changes to procurement of transport and logistics services. The Local Government Victoria bulletin is attached for your reference.

In this instance, there will be no further formal written response from the Minister for Local Government on this matter.

Thank you for your follow up on this matter.

Regards

Michael Lo
